All For Your Smile ♪ ~2nd Stage~

Period

Period: From April 2017 to March 2020 (3 years)

Long-term vision

Financial group that is needed by customers and grows with customers

Basic policy

- Ensuring customer-oriented approach Succeeding the stance of the 13th Medium-Term

 Management Plan
- Exploring core business operations deeper and taking on fresh income-generating opportunities

 Responding to changes in external environment speedily

Business model

Transforming the business model to create a positive cycle of "Contributing to the growth of customers and local economy" and "Building a stable and indefinite revenue-generating structure to support local communities"

Action base

Engagement First

Prioritizing the establishment of a strong trusting relationship with customers

Six strategies for fulfilling the plan

Strategy mapping and numerical targets

Strategy mapping

Rationalizing / streamlining

Improving management efficiency to survive competition

- Accelerating business reform
- Slimming down head office organization
- Achieving efficient branch operation

Improving organizational strength

Helping each employee improve performance

- HR development
- Work style reform

Sales stance of sincerely tackling customers' diverse needs and tasks

Expanding contact points with customers and offering solutions above and beyond expectations

Business customers

Individual

customers

- Improving problem-solving capacity through bi-directional communication
- •Supporting the improvement of corporate values based on business viability evaluation
- Offering financial intermediary functions to local SMEs
- ·Providing support according to their growth stage
- Offering goods / services according to customers' life stages to explore their needs
- Offering consultation functions
- Enhancing and expanding goods and services on offer (unsecured loans without involving face-to-face consultation, etc.)
- Improving channel functions

SME loans

Non-interest income

Personal loans

FY2019 targets

	FY2016 results		
Earning capability	Net income (consolidated)	¥10bn	
Growth	Community presence (daily-average deposits +daily-average loans)	¥9,350.1bn	
Growth potential (customer base)	Daily-average deposits	¥5,410.8bn	
	Daily-average loans	¥3,939.3bn	
Financial soundness	Equity ratio (consolidated) Full implementation basis	8.84%	

Around 8.7%

Long-term targets

Strategy 6

Helping each employee improve performance

[Strategy 1]

Expanding contact points with customers and offering solutions above and beyond expectations

Full introduction of the activity evaluation system

⇒ Substantially revising the previous performance evaluation system

Business model innovation

Overview of the activity evaluation system

- Establishing the Sales Activity Guideline for "activity evaluation" as the basic principles of all sales activities
- Evaluating sales branches qualitatively according to "sales branch activity evaluation criteria"
- Examining the rate of achievement against "key data" in block evaluation
- Introducing the "head office activity evaluation criteria" as the criteria for evaluating the activities of head office departments in support of sales branch activities based on the sales branch activity evaluation criteria"

Sales branches

Sales branch activity evaluation

- · Defining the number of items and their balance so that they are easy to understand for sales branches
- · Sales-related items + Administration-related items + Unique items
- \cdot Clarifying subject activities and quantifying evaluation indicators
- Clearly showing items related to benchmarking

Engagement award

Recognizing not only standalone cases but also good practice activities that an entire branch has worked on steadily

Block

Block activity evaluation

Key data

Evaluating the rate of achievement

Head office

Head office activity evaluation

- · Focusing on supporting sales branch activities
- ·Clearly showing items related to benchmarking

Customer-oriented business administration

Detai

[Strategy 1-2] **Specific details of activity evaluation criteria**

Sales branch activity evaluation criteria (excerpts)

1	No	Item	Department in charge	Activity evaluation criteria
	2	Sales stance	Sales Management Division / Aichi Sales Division	Working on strengthening relationship with clients to turn them into main accounts?
Ţ				
1	10	Sales stance	Individual Customers Sales Department	Establishing a consulting sales structure in deposit asset sales?
Ī				
ď	21	Sales stance	Business Customers Sales Department	Engaging in in-depth dialogs with customers to identify true tasks / needs in offering solutions?

[Strategy 1-3]

Offering solutions above and beyond expectations (Supplier search service 1)

▼Outstanding results based on Juroku Bank's original benchmark

Supplier Search Service

(trademark registered in January 2017)

Juroku Bank finds buyers and identifies their needs / tasks.

Juroku Bank uses its network of branches to identify suppliers that meet the needs.

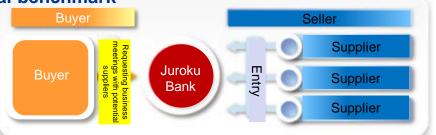

Buyers screen documents to select suppliers.

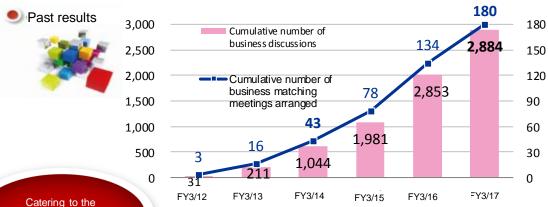

Each buyer receives proposals from multiple suppliers.

A business deal is struck highly accurately.

following types of supplier search needs

- Finding a supplier capable of handling difficult processing work
- Arranging multi-vendor procurement with two / three suppliers
- Finding a supplier capable of handling small-lot production or prototype production
- Finding a flexible supplier located nearby
- Finding a new development partner
- Finding a partner to enter into a new business field

[Strategy 1-3]

Offering solutions above and beyond expectations (Supplier search service 2)

▼Organizing value-added business matching meetings featuring prominent buyers

Main buyers that have used the service in recent years

Collaborating with the Ministry of Economy, Trade and Industry as well as local governments

Offering business matching opportunities

(Examples)

Company S Manufacturing flight control systems

Company K Manufacturing titanium materials and parts

Company M Aircraft engine parts

Company A Manufacturing equipment

Company B Manufacturing turbine engines

Business meeting with aircraft engine manufacturers

Analysis on the supplier search service

Results of monitoring and analyzing the trading status of participating companies

- 1. Loan balance is durable, maintaining or increasing the level.
- 2. Loan balance tends to increase when the number of participations is high.

Secondary effects

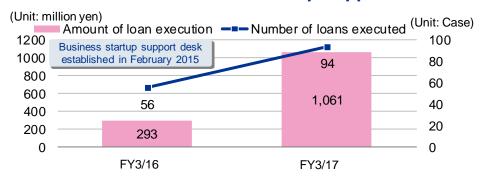

- 1. Allowing buyer staff in charge to gain in-depth understanding of suppliers, thereby boosting their skills
- 2. Allowing buyer companies to accumulate information about supplier evaluation, which can be utilized for credit judgment

[Strategy 1-4]

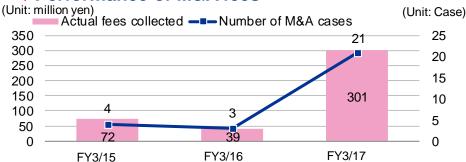

Offering solutions optimized to customers' stages

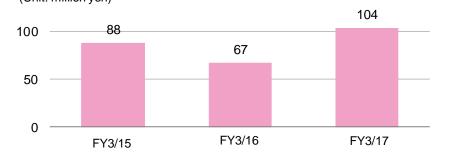

▼Performance of business startup support desk

▼Performance of M&A fees

▼Business matching fees (Unit: million yen)

▼Strengthening our support structure in ASEAN nations

Office to be set up in Hanoi in February 2018

▼Number of overseas suppliers by country

(As of the end of March 2017)

(AS OF THE EFFECT VALUE OF WATCH 2017)						
Country	Number of suppliers		Number of suppliers			
China	534	Malaysia	46			
Hong Kong	72	Philippines	43			
India	32	Singapore	45			
Thailand	253	Myanmar	11			
Indonesia	115	ASEAN (other)	13			
Vietnam	134	ASEAN total	660			
		Total	1,298

- Yamaguchi FG

Cooperation with regional banks on the Chance project (regional bank integrated services)

- Tie-up in the IT field, mainly in computer systems
- Establishment of the Infrastructure Council for project financing
- Launch of the Chance FinTech Lab
- · Establishment of the energy fund
- Wide-area collaboration for offshore business assistance

Joint M&A seminars held by three banks

- Joint corporate briefing sessions held by three banks
- · Joint business meeting
- Collaboration agreement for the project to revitalize the tourism industry in the Tokai and Hokuriku regions

(Six Stars Tourism Project)

THE JUROKU BANK, LTD.

Collaboration

- Deloitte Tohmatsu
- Nomura Securities

Local governments

Business community

Tono Shinkin Bank

 Japan Agricultural Cooperative MEGUMINO

Tie-ups with partners in other areas of the financial sector

- Administration of the venture support organization, NOBUNAGA21
- · Seminars on revitalizing local economy
- New Business Plan Support Fund
- First Stage grants for business entrepreneurs

Cross-sector tie-ups for fostering

venture businesses

- Tie-up with Tono Shinkin Bank to revitalize local communities
- Support for the project, Gifu, Seiryu no Kuni (the Land of Clear Water) Food and Agriculture Trade Fair
- Mutual HR exchange with the Japan Agricultural Cooperative MEGUMINO

(Strategy 2)

Actively getting involved in community tasks

▼Support for local governments' strategy for vitalizing towns, people and jobs, etc.

Support to high school students for product development and marketing of Arare rice crackers

(Signing ceremony with the Gifu Prefectural Commercial High School)

<Specific content>

Targeting commercial high school students who have established the corporate entity

- (1) PR at a food trade show in Hong Kong
- (2) Inter-cultural exchange with international students
- (3) Visit to overseas factories

Presenting Touch-and-Talk communication sheet for international visitors to multiple local governments

Situational phrases for restaurants, accommodation, shopping and taxis in English, Korean and Chinese

(Communication using the sheet in Takayama City, Gifu Prefecture)

Development of young future leaders for regional regeneration

Inbound tourism support for welcoming visitors

▼Revitalizing local economy through support for regional companies

Marketing support for Gifu's local produces at Nagoya Mitsukoshi department store

(Market event at the Aeon Mall Tokoname)

This collaboration with a department store was a rare tie-up of this kind even on a national level. The event attracted over 20,000 visitors over four days. Mitsukoshi - Isetan Group is to sell the products based on project stance consumers' response.

Support for the sale of Gifu's local produce with **NEXCO Central Japan x Gifu University**

This was a rare initiative of arranging a business talk session so that 45 local businesses could promote merchandizes, e.g. food items and handicrafts, to tenants of highway service areas (SA) and parking areas (PA) in the prefecture. Opinions from university students were gathered in a workshop ahead of the event to enhance the relevance of the session.

(Workshop held prior to the business talk session)

Unconventional cross-sector collaboration for activity supporting local companies

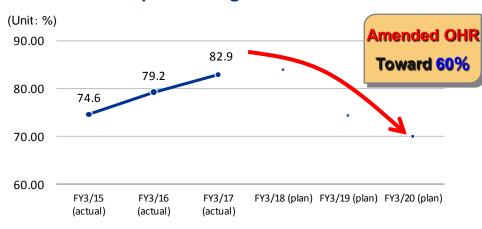

[Strategy 5] Improving management efficiency to survive competition

Improving management efficiency

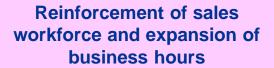

~Rationalizing and streamlining~

- Accelerating business reforms
 - Eliminating hardcopy applications / submissions and the use of seals
 - Expanding administration concentration at the head office (eliminating back office administration)
 - Eliminating the use of paper (and the use of safe / document storage)
 - > Streamlining loan / public relations duties for faster work
- Streamlining branch operations in view of demographics
 - Adopting branch operations specializing in sales (administration with minimal personnel)
 - Considering opening branches in regions of anticipated growth
- Streamlining head office organization (organizational reform)
 Further optimizing personnel allocation and workforce
 - ▼Actual and planned figures of amended OHR

Building an efficient branch operation structure for sales reform

Single-line completion process
Concentration of back office
work at the head office

Top-line reinforcement

OHR improvement

[Strategy 6]

Helping each employee improve performance

VHR education reform

Two-week new recruit training program ⇒ Expanding it to 3 months

- Addressing diversifying bank operations
- Reinforcing workers capabilities prior to assignment
- Enhancing stress resistance through trial and error

(Zazen meditation training)

▼Empowerment of women and other diverse human resources

Recruiting high-performing non-Japanese workers for organizational revitalization

Career-course new graduate recruits for FY2016 (Left) Ms. Chu of the head office's sales division (Right) Mr. Cho of the Nagoya sales department

▼Work style reform

Forcible computer shutdown at the end of business hours

Computers are forcibly shut down after an alert message is displayed every Wednesday, the second and third Friday of each month and during Early Finish week, targeting some 1,000 head office workers.

Publication of overtime data and ranking on the Intranet

The visualization approach makes managers and the rest of the workforce keenly aware of the need to cut back on overtime.

SAMPLE Average leaving work time		Over time hours						
Branch name		Time	Ranking	Deputy	Male employee	Female employee	Per person	Ranking
Α	Branch	18:47	17	26:45		7:46	10:56	25
В	Branch	18:47	17	24:23	16:23	5:08	12:26	35
С	Branch	19:05	40	28:33	16:55	3:21	11:21	27
D	Branch	19:20	76	28:42	21:20	15:12	20:17	123
E	Branch	19:50	137	33:05	24:30	10:47	18:45	103
F	Branch	17:59	3	11:50		2:15	4:10	4
G	Branch	19:33	112	35:03	24:08	19:11	25:34	148
Н	Branch	19:25	91	27:05	21:45	16:23	20:58	128

Shortening total working hours, streamlining work operations and ensuring correct work-life balance

- **▼**Numerical targets for women's empowerment and actual status (vs. FY2014)
 - ① 87 women in assistant management positions or above ⇒ To be doubled to 174 women by the end of FY2020 ⇒ 114 women as of the end of March 2017 (+27 women in 2 years, up approx. 30%)
 - ② The ratio of women in leader positions or above to be raised to 20% by the end of FY2020 ⇒ 15.0% as of the end of March 2017 (240 women / 1,355 men) * "Leader positions or above" refers to those in assistant management positions plus administrative leaders and FA leaders.
